Ref: "Blacklist".

I have pleasure to forward one copy of my so-called "Blacklist". I want to make it quite clear, however, that this list is not a blacklist in the normal meaning of the word. In this list have been incorporated a certain number of names for other reasons. Most of this category have been marked with an "i".

The index showing the various categories makes this clear as well. The present edition is complete from letters A to F, inclusive. The remainder will be forwarded when completed.
